

**General Conditions for Deliveries and Services
for Use in Transactions with Business Customers**

January 2011

1. Scope of these conditions

1.1 These General Terms and Conditions of Business (“these Terms”) shall govern the rights and obligations concerning the provision of items (e.g. products, devices, overall systems; the “Deliveries”) and services (e.g. installation, assembly, calibration, repair; the “Services”) by HAMEG Instruments GmbH (“HAMEG”) to business customers, legal entities of public law or special funds under public law (the “Customer”). These Terms form part of the contract which is brought about through HAMEG’s order confirmation following the Customer’s order. In case of any conflicts between the provisions of the order confirmation and these Terms, the provisions of the order confirmation shall take precedence. Any deviating or supplementing contractual terms of the Customer shall be excluded and shall not apply even if HAMEG does not explicitly object to them.

1.2 The regulations of the German Institute of Electrical Engineers (Verband Deutscher Elektrotechniker, “VDE”) shall apply to all Deliveries and/or Services insofar as these are relevant for the safety of the Deliveries and/or Services and these Terms do not provide for any deviating regulations in this respect. Deviations from the VDE are permissible insofar as the same level of safety is achieved by other means.

1.3 Documents, e.g. illustrations, drawings, weights, performance specifications in brochures, cost estimates and data sheets, etc., do not constitute any guarantees as per § 443 BGB (German Civil Code), but performance descriptions. HAMEG reserves the right to make any alterations due to and justified by technical advancements, even after confirmation of the order.

1.4 Except with the express prior written consent of HAMEG, the Customer shall not be entitled to reproduce, copy, make available to third parties or otherwise disclose the documents mentioned in Section 1.3 above or to use them in any manner conflicting with HAMEG’ interests. If the order is not placed with HAMEG, the documents shall be returned to HAMEG immediately upon request. The preceding sentences 1 and 2 shall apply correspondingly to the Customer’s documents provided to HAMEG; the documents provided to HAMEG may, however, be made available to those third parties whom HAMEG has rightfully subcontracted to perform any Deliveries and/or Services.

2. Prices

2.1 Prices are for Deliveries (for Services, see Section 8)

- EXW, according to INCOTERMS 2010, ICC Publication Section 715 ED, unless these Terms provide differently.

Prices are in Euro (€), plus VAT, if any, at the statutory rate applicable from time to time. To be added are any and all taxes, customs duties or charges as well as consular or legalization fees possibly levied even according to the rules of a law other than the law applicable pursuant to Section 14.1. Customary packaging is included in the price; any costs arising for packing of antennas, installations and systems as well as special packaging requested by the Customer will be charged separately.

2.2 Prices reflect the cost situation for HAMEG at the time of conclusion of the contract. If any costs change before the day of delivery / performance of service, HAMEG reserves the right to adjust the prices provided that the Deliveries and/or Services are to be carried out as agreed more than four (4) months after conclusion of contract.

3. Reservation of title

3.1 Title to delivered items (“Retained Goods”) is retained by HAMEG until all claims and receivables of HAMEG against the Customer under the business relation (including any current account receivables) are satisfied, insofar as this is permissible under the law of the country in whose territory the Retained Goods are located as agreed upon. If such law does not permit reservation of title to the Retained Goods, but permits reservation of similar rights, HAMEG shall be entitled to assert such

rights. The Customer commits to support all measures taken in order to protect the title to or security interests in the Retained Goods.

3.2 Insofar as the title of HAMEG to the Retained Goods expires through combination with another item, HAMEG acquires co-ownership to the new item on proportional basis, i.e. at the ratio the value of the combined Retained Goods (final invoice amount including VAT) bears to the other combined items at the time of combination. If the Retained Goods are combined in such a manner that the items of the Customer are to be regarded as the main item, HAMEG and the Customer hereby agree that the Customer assigns to HAMEG proportionate co-ownership to such item. HAMEG hereby accepts such assignment. Any costs incurred by HAMEG in connection with the enforcement of its claims as co-owner will be borne by the Customer.

3.3 Insofar as the value of all security interests to which HAMEG is entitled under this Section 3 exceeds the amount of all secured claims and receivables by more than ten percent (10%), HAMEG will release a corresponding portion of the security interests in the Retained Goods at the Customer's request; however, HAMEG may select the Retained Goods to be released.

3.4 The Customer may resell the Retained Goods within the ordinary course of business. The Customer hereby assigns to HAMEG its claims under the resale of the Retained Goods. The assignment includes all ancillary rights and those claims of the Customer regarding the Retained Goods which arise on a different legal ground against its buyers or third parties (in particular, claims based on tort and claims to insurance benefits) as well as all current account receivables in the amount of the claims and receivables owing to HAMEG. HAMEG hereby accepts the assignment.

3.5 The Customer shall be entitled to collect the assigned claim as long as it satisfies its payment obligations vis-à-vis HAMEG. In case of the Customer's payment default, HAMEG will be entitled to revoke this power of collection. The Customer may not assign such claims, however, in order to have them collected by way of factoring, unless the Customer obligates the factor irrevocably to effect the counter-performance directly to HAMEG for as long as HAMEG still has receivables against the purchaser.

3.6 The Customer shall immediately inform HAMEG of any seizures, attachments or other dispositions or interventions by third parties. If the third party is unable to reimburse HAMEG for the court or out-of-court costs incurred by HAMEG in this connection, the Customer shall be liable therefore.

3.7 HAMEG shall have the right to withdraw from the contract and take back the delivery items if the Customer violates any obligations, especially in case of payment delay; the Customer shall be obliged to return the delivery items.

3.8 If the Deliveries and/or Services consist of software, the Customer shall not acquire title, but solely the rights specified in Section 9.

4. Terms of payment

4.1 All payments shall be made to HAMEG within thirty (30) calendar days from the invoice date without any deductions.

4.2 For orders amounting to a total value of more than € 50,000 net, a down-payment of thirty percent (30%) plus proportionate VAT shall be made upon placing of the order. HAMEG shall not be obliged to pay any interest on the down-payment.

4.3 HAMEG reserves the right to demand security for payment and/or advance payments.

4.4 The Customer may set off payments only against such claims or assert a right of retention only with respect to such claims which are uncontested or established with non-appealable effect. A right of retention of the Customer on the ground of contested counterclaims or counterclaims not established with non-appealable effect under any other contractual relations shall be excluded. The Customer shall be entitled to assert a right of retention only on the ground of such claims which derive from the same contract as the corresponding counterclaim of HAMEG.

4.5 If the Customer is in delay of payment, HAMEG reserves the right, without waiving any other rights, to charge annual interest of eight (8) percentage points above the base interest rate of the European Central Bank ("ECB").

4.6 All agreed price discounts on the prices shown in the contract and all agreed rebates of any kind whatsoever will cease to apply entirely if the Customer is fully or partially in default to HAMEG with its payment and acceptance obligations.

4.7 The place of payment shall be Mainhausen.

5. Periods for Deliveries and/or Services

5.1 Compliance by HAMEG with the periods for Deliveries and/or Services requires that all obligations of the Customer are fulfilled properly and in due time, in particular, that all documents, approvals and releases to be furnished by the Customer are received by HAMEG in time, and that such other obligations are satisfied which are required for the Deliveries and/or Services by HAMEG to be carried out properly and in due time. If such requirements are not satisfied in time, the periods shall be extended accordingly, plus a reasonable restart period. If a down-payment according to Section 4.2 or a corresponding agreement between the contracting parties has to be made, the preceding sentence shall apply correspondingly.

5.2 If the obligations of HAMEG according to the INCOTERMS applicable according to Section 2.1 above are fulfilled, the periods will be deemed complied with.

5.3 If the Deliveries and/or Services are delayed for reasons attributable to Customer's responsibility, the periods shall be deemed complied with upon notification of the readiness for dispatch and service within the agreed periods.

5.4 If non-compliance with the periods for Deliveries and/or Services is due to force majeure, e.g. mobilization, war, riot or similar events such as, but not limited to, strike, lockout or the occurrence of other unforeseen events, the periods will be extended accordingly, plus a reasonable restart period. The events of force majeure shall include any sovereign acts, such as, but not limited to, the refusal of a required governmental approval in spite of an application having been properly filed, transport restrictions and restrictions of energy consumption, but also general shortage of raw materials and common supplies as well as other reasons, such as non-delivery or late delivery by suppliers, beyond the control of HAMEG.

5.5 If HAMEG is in delay exclusively by its own fault, the Customer may – if it can prove that it suffered damage owing to the delay – demand, from the third full week, liquidated damages equal to zero point five percent (0.5%) for each further full week of delay up to a total of five percent (5%) of the value of the delayed part of the Deliveries and/or Services.

5.6 Claims of the Customer for compensation of the default damage due to the delayed Delivery and/or Service and any further claims for damages exceeding in total the limit of five percent (5%) as provided in Section 5.5 shall be excluded in all cases of delayed delivery, even after expiry of any extension period granted to HAMEG.

5.7 The Customer may withdraw from the contract in accordance with the statutory provisions only if the default damage has reached the upper limit of five percent (5%) specified in Section 5.6.

5.8 At the request of HAMEG, the Customer shall state within a reasonable period whether it will withdraw from the contract due to delayed Deliveries and/or Services and/or whether it will claim damages in lieu of performance or damages in addition to performance or will insist on the Delivery and/or Service. Claims based on default will become statute-barred within six (6) months from their accrual and knowledge, or grossly negligent lack of knowledge, of the Customer.

5.9 If the dispatch or delivery is delayed at the Customer's request (or for other reasons within the Customer's scope of responsibility), the Customer may be charged storage costs equal to zero point five percent (0.5%) of the invoice amount for each commenced month, starting on the first day after notification of the readiness for dispatch; the storage charge shall be limited to a maximum of five percent (5%) of the invoice amount. The parties shall be entitled to prove higher or lower storage costs.

6. Delivery / Acceptance

6.1 If acceptance is agreed, the contractual Deliveries and/or Services must be accepted/received by the Customer, even if they show minor defects.

6.2 Early delivery and partial delivery shall be permissible insofar as reasonable for the Customer.

6.3 If acceptance is agreed and HAMEG demands the acceptance of the contractual Deliveries and/or Services after completion, the Customer shall make such acceptance immediately, but no later than within two (2) weeks. If the Customer fails to make acceptance in due time or refuses acceptance without justification, the acceptance shall be deemed made. The acceptance shall likewise be deemed to be made if the Deliveries – as applicable after completion of an agreed trial period – have been put to use.

7. Transfer of risk

7.1 The risk shall pass to the Customer:

7.1.1 for (partial) Deliveries without Services in accordance with the INCOTERMS as stipulated in Section 2.1;

7.1.2 for (partial) Deliveries with Services on the day the Customer puts the Deliveries into operation (+de); if a trial run has been agreed, after defect-free trial run. This requires that the trial run or the putting into operation takes place immediately after ready-for-operation installation or assembly. Otherwise, the risk shall pass to the Customer upon installation or assembly for operation;

7.1.3 for any period by which the dispatch, delivery, beginning or performance of the agreed services is delayed at the request of the Customer or for reasons within its responsibility (default of acceptance). HAMEG is prepared, however, to undertake the required safeguards at the request and cost of the Customer.

8. Services

8.1 As regards the invoicing of Services, the valid HAMEG' Services Price List from time to time shall apply. In addition, the HAMEG Supplementary Conditions for Services in HAMEG Service Centers and On-Site at the Customer, as amended, shall apply with priority.

8.2 Cost estimates are non-binding and will be made by separate agreement. Unless agreed otherwise, the costs for preparation hereof are included in the price and will be charged separately if the order for the Services is not placed.

8.3 Prior to commencing the performance of Services, the items to be provided by the Customer must be available completely, i.e. including the accessory parts and, if products of a third party are concerned, also including the operating instructions, descriptions and part lists. The shipment and return shall be at the cost and risk of the Customer. All preparatory work to be provided by the Customer must have been fulfilled before the beginning of the installation to such extent that the Services can be carried out immediately upon arrival of the staff assigned by HAMEG and without interruption.

8.4 HAMEG shall be free to decide where the Services shall be performed insofar as the Services cannot be performed at one place only.

9. Software

9.1 HAMEG grants the Customer the non-exclusive right to use the contractual computer programs and the related documentation (computer programs and related documentation are collectively referred to as the "Software") exclusively for the operation of the hardware intended or supplied therefore. The right of use is limited to the agreed period of time; in the absence of such an agreement, the right of use shall be unlimited in time. In particular, the right to use the Software shall not include the right to translate, lease, lend, sublicense or the right to distribute, publicly reproduce or make the Software available online to third parties outside the Customer's company. Furthermore, the right to use the Software shall not include the right to reproduce the Software unless such reproduction is necessary for the operation of the hardware intended or supplied therefore or to produce a backup copy. Save as provided otherwise by mandatory law or written contractual regulations, the Customer shall not be authorized to modify, decompile, disassemble or otherwise reverse engineer the Software, whether in whole or in part, in order to acquire the source code.

9.2 HAMEG grants the Customer the right, which may be revoked in case of good cause, to transfer to third parties the right to use the Software granted to the Customer. The Customer may transfer the right to use the Software to third parties only together with the hardware which the Customer acquired together with the Software from HAMEG or for which the Software of HAMEG is intended. In that case, the Customer will impose the above obligations and restrictions on the third party.

9.3 The Software will be provided solely in machine-readable form (object code) and without source code or source code documentation.

9.4 All other rights to the Software shall remain with HAMEG.

9.5 Insofar as Software is provided to the Customer for which HAMEG owns only a derived utilization right and which is not open source software (third-party software), the terms of use agreed between HAMEG and its licensor shall – also with regard to the relationship between HAMEG and the Customer – apply additionally and prior-ranking to the provisions of this Section 9. If and to the extent that open source software is provided to the Customer, the terms of use governing such open source software shall apply prior-ranking to the provisions of this Section 9. HAMEG will provide the source code to the Customer at least upon request if such terms of use for the open source software require disclosure of the source code. HAMEG will make reference at a suitable place to the existence and the terms of use of third-party software so provided, including open source software, and will make the terms of use available.

10. Liability for material defects

10.1 If Deliveries and/or Services show a material defect, HAMEG shall at its option and free of charge for the Customer repair, replace or reperform (“subsequent performance”) such Deliveries and/or Services if the cause of such defect was present at the time of the transfer of the risk according to Section 7.

10.2 Claims of the Customer based on material defects shall become statute-barred after twelve (12) months from the date of delivery according to Section 2.1 and 5.2 or acceptance according to Section 6.

This shall not apply if the law provides for extended periods pursuant to § 438 (1) No. 2 (buildings and items for buildings) and § 634 a (1) No. 2 (defects in construction) BGB (German Civil Code) as well as in cases of intent, fraudulent concealment of the defect or non-compliance with a guaranteed quality.

10.3 The Customer shall immediately give detailed written notice of any material defects to HAMEG. If the defect notification was unjustified, HAMEG shall be entitled to demand reimbursement from the Customer for any expenses incurred by HAMEG.

10.4 HAMEG shall always be afforded two opportunities to make subsequent performance within a reasonable period. If such subsequent performance fails, the Customer may withdraw from the contract or reduce the compensation, notwithstanding any claims for damages according to Section 12.

10.5 Claims based on material defects shall not arise where the deviation from the agreed quality is only minor and/or where the usability is impaired only insignificantly.

10.5.1 Furthermore, claims based on material defects shall not arise in case of damage occurring after the passing of the risk (e.g. following incorrect or negligent handling, excessive stress, unsuitable operational facilities, deficient construction work, inappropriate construction site) or in case of usual wear and tear of the objects.

10.5.2 In addition, the Customer cannot make any claims based on material defects for damage which results from particular external influences (e.g. chemical, electrochemical, electrical or atmospheric) after transfer of risk which are not provided for in the contract.

10.5.3 Claims based on material defects shall also be excluded for any modifications or repairs carried out by the Customer or by third parties, and for the resulting consequences.

10.6 Expenses necessary for the purpose of the subsequent performance, in particular transportation, travel, labour and material costs, will be borne by HAMEG only if the delivered item has not been taken, contrary to its intended use, to a place other than the place of delivery. If the delivered item, following its intended use, was taken to a place other than the place of delivery, HAMEG will be responsible only for those expenses that would have been incurred if the Customer had not transferred the item; in such case, any additional costs of the subsequent performance caused by such transfer shall be borne by the Customer.

10.7 Software

Software is considered to have a material defect only if the Customer can prove that there are reproducible deviations from the specifications. A material defect shall not be deemed to exist, however, if it does not manifest itself in the latest version of the Software supplied to the Customer and the use thereof by the Customer can reasonably be required. Furthermore, the Customer will not have any claims based on material defects if the material defect is based on any of the following circumstances: (i) incompatibility of the Software with the data processing environment used by the Customer, (ii) use of the Software together with software supplied by third parties unless this is expressly provided for in the documentation of HAMEG or is otherwise permitted by HAMEG in writing; (iii) improper maintenance of the Software by the Customer or third parties.

10.8 Calibrations

Calibration consists of ascertaining the connection between the values shown by a measuring instrument or measuring installation and the corresponding values - specified by standards – of a measurable variable under given conditions. The scope of the measurements is determined by the technical data and/or the related product description. Depending on the specific instruction, measured values will be documented in a test report and confirmed as correct at the time of measurement. The Customer shall have the right to satisfy itself of the proper performance of the calibration on the premises of HAMEG at the time of the calibration. The Customer cannot assert any further claims based on defects.

10.9 Any additional claims based on material defects are excluded.

11. Liability for defects of title / infringement of intellectual property rights

11.1 HAMEG shall be obliged to perform the Deliveries and/or Services free from defects of title, e.g. industrial property rights and copyrights of third parties (“Intellectual Property Rights”), only in the country of the place of delivery. If a third party asserts justified claims against the Customer due to the infringement of Intellectual Property Rights resulting from the contractual use of HAMEG Deliveries and/or Services, HAMEG shall be liable to the Customer within the period stipulated in Section 10.2 as follows:

11.1.1 HAMEG shall, at its option and cost, either obtain a right to use the concerned Deliveries and/or Services, or modify them to prevent an infringement of the Intellectual Property Right, or replace them.

11.1.2 If this is not possible for HAMEG under reasonable conditions, the Customer shall have the statutory rights to withdraw from the contract or to reduce the contract price as well as the right to claim damages according to Section 12.

11.1.3 The above obligations of HAMEG shall apply only on the condition that the Customer immediately informs HAMEG in writing about any claims asserted by third parties, that the Customer does not acknowledge any infringements, and that the right of HAMEG to conduct any defense measures or settlement negotiations shall be unaffected. If the Customer ceases to use the Deliveries or Services on the ground of claims by third parties, the Customer shall make sure, such as by express notice to the third party, that the cessation of use does not constitute an acknowledgement of an infringement of Intellectual Property Rights.

11.2 Claims of the Customer based on defects of title shall be excluded insofar as the Customer is responsible for the infringement of the Intellectual Property Rights.

11.3 Claims of the Customer shall also be excluded insofar as the infringement of the Intellectual Property Rights is caused by specific Customer requirements, through any use which was not foreseeable for HAMEG or because of the Customer modifying the Deliveries and/or Services or using them together with products not delivered by HAMEG.

11.4 Any further claims based on defects of title shall be excluded.

12. Liability

12.1 HAMEG shall be liable without limitation for damage caused with intent, for guarantees given in writing and in case of culpable damage to life, body or health. The liability under the mandatory provisions of product liability law applicable from time to time shall remain unaffected.

12.2 Otherwise, the liability of HAMEG towards the Customer, no matter on what legal ground, including delay (Section 5.5), shall be limited in aggregate to an amount equal to fifteen percent (15%) of the agreed remuneration.

12.3 Notwithstanding the liability according to Section 12.1 and Section 5.5, HAMEG shall not be liable for financial loss or consequential damages, for loss of profit, loss of production, interruption of business, contractual claims of third parties, lost usage, financing expenditure, interest loss and claims under a covering purchase as well as for loss of data, information and programs as a result of a software error.

12.4 Subject to the liability by mandatory law (Section 12.1), the limitation period for any liability claims shall be twelve (12) months from accrual and knowledge, or grossly negligent lack of knowledge, of the Customer. Section 10.2 remains unaffected thereby.

12.5 Any further liability of HAMEG shall be excluded.

13. Applicable law / place of jurisdiction

13.1 The contractual relations between HAMEG and the Customer shall be governed exclusively by German law, excluding the conflict-of-law rules. The application of the UN Convention on Conflicts for the International Sale of Goods (CISG) shall be excluded.

13.2 The courts of Munich shall have exclusive jurisdiction for any disputes arising directly or indirectly from the contractual relationship, provided that the Customer is a businessman, a legal entity under public law or a special fund under public law. HAMEG shall also have the right to take legal action at the Customer's domicile.

14. Validity of the contract

14.1 If any provisions of the contract are invalid, the remaining provisions shall continue to be in force. This shall not apply if adherence to the contract would constitute an unreasonable hardship for one of the parties.

14.2 All agreements, including covenants, must be made in written form to be valid. This form requirement can be waived only in writing.
